PROJECTS

MuSys - AI Music Recommender System | [\(GitRepo\)](#) Oct 2025

- Built a cloud-native web application to analyze user sentiment with 90% NLP accuracy and deliver mood-base song recommendations.
- Designed a scalable architecture, developed the Flask backend, integrated AWS Comprehend (NLP), Polly (TTS), and DynamoDB (NoSQL logging); containerized the system using Docker; and deployed it on Railway ensuring 100% usage with zero server maintenance.
- Delivered a fully serverless, real-time AI recommendation system, reducing backend overhead by 100%, improving response efficiency by 40% and providing seamless mood detection, voice feedback, and personalized music suggestions.

Terraform EC2 Web Server Deployment | [\(GitRepo\)](#) Apr 2025

- Architected a cloud-hosted web server setup to automate 100% of the provisioning workflow, applying Iac principles to reduce manual operations by 80%.
- Orchestrated a custom VPC with 2 public subnets, routing, SGs, and deployed 2 EC2 instances with Apache auto-configured via Terraform user-data improving configuration consistency by 90%.
- Achieved 85% faster deployments, enhanced reproducibility across environments, and attained complete Free tier cost-efficiency.

TRAINING

Gokboru Tech Jun-Jul 2025

Cloud Computing using AWS | [Certificate](#)

- Completed 6-week AWS Cloud Computing training, working hands on 80% with EC2, S3, IAM, VPC, Load Balancer, Lambda, API Gateway, Docker & CloudWatch across security, networking.
- Gained practical experience in NLP, serverless workflows, containerization, NoSQL and CI/CD tools improving cloud and DevOps proficiency by 70%.
- Applied cloud, NLP, and serverless concepts in a real-world capstone project, working end-to-end across architecture design, AWS integrations, backend development, and deployment within the AWS Free Tier.

CERTIFICATES

- DevOps Beginners to advance | [Udemy Certificate](#) Jan-Jun 2025
- Cloud Computing – NPTEL (IIT-based MOOC) | [Certificate](#) Jul-Oct 2024
- Generative AI: Introduction and Applications | [IBM Certificate](#) Feb 2024

ACHIEVEMENTS

- Earned a Top 5 spot in CloudClubs DevOps Workshop:** [Certificate](#) Nov 2025
Among 400+ participants and 30+ teams, leveraging AWS, Docker, and Terraform.
- Achieved AWS Academy Cloud Foundations Graduate badge:** [View Credential](#) May 2025
Demonstrated strong proficiency in AWS core services, cloud concepts, and architecture fundamentals.
- Ranked Top 10 in my university's club Hackathon:** [Certificate](#) Feb 2024
Among 1000+ participants and 50+ teams.
